

## Who We Are

### Our Mission

To exceed customer expectations by providing the highest quality of care in a friendly and encouraging environment.

### Our Core Values

- Teamwork
- Communication
- Quality of care
- Friendly factor

### Serving Our Local Communities

We offer our communities the benefits of a large corporate network, while delivering services and support with a local focus. In the communities we serve, ATI is elevating awareness of health and wellness. We assist children in need through the ATI Foundation, which provides funding and help with medical complications and physical impairments. ATI MissionWorks supports those in need in developing countries.

### A Winning Combination of Exceptional Care and Incredible People

With a simplified, integrated, patient-centered approach, ATI is an orthopedic rehabilitation provider specializing in research-based physical therapy, workers' compensation rehab, sports medicine, employer worksite services and home health.

ATI is proud to be a place where remarkable things happen. With a focus on the patient experience, ATI cares for patients from the moment they walk in the door to their last celebratory high-five. Patients' return to an active lifestyle is our primary concern. Clinicians are hand-picked based on patient needs and clinical teams work together to help achieve goals. We are committed to being the bright spot in the day of every patient. ATI isn't your ordinary physical therapy company. It's a place where you can truly be remarkable.

### ATI: RECOGNIZED AS A LEADER

Named "Best Physical Therapy Practice" in the nation by ADVANCE Magazine for performing exceptionally strong in all areas of assessment including patient care and growth, employee training and retention, professional service delivery, community presence, state-of-the-art facilities and company expansion.

Awarded URAC Core Accreditation, recognizing ATI's commitment to quality healthcare.

### OUR MISSION

To exceed customer expectations by providing the highest quality of care in a friendly and encouraging environment.

To achieve our mission, we look for phenomenal individuals who are bright, creative, dedicated, energetic and possess the desire to exceed patient expectations.

## A Progressive Leader

We are a growing company, seeking new heights and achieving amazing feats. We are all moving fast, and working hard towards a common goal of being the World Champions of the Industry.

### ATI: At-a-Glance

- Operate hundreds of clinics nationally to meet the needs of over 400,000 patients annually
- Headquartered in Bolingbrook, IL, we employ more than 6,000 people, including a corporate staff to support the operations of the company
- Return patients to work and an active lifestyle
- Set the industry standard for the injured worker with our F.I.R.S.T.™ workers' comp program
- Serve over 200 sports medicine contracts covering pro sports teams, universities, high schools, middle schools and athletic clubs
- Feature on-site employer services to reduce/prevent/treat work-related injuries and promote health and wellness
- Introduced home health services in the Chicagoland area
- Dedicated to our local communities

### Focused on Changing Healthcare Demands

- State-of-the-art proprietary EMR system and case management tool for real-time, accurate, efficient patient data
- Networking within the medical community
- Research, development and education partnerships provide a platform of collaborative studies and advancing clinical knowledge
- Support and expertise from Corporate Resources: Executive Team, Facilities, Front Office, Customer Service, Human Resources, Compliance, Information Technology, Legal, Sales, Marketing, Finance, etc.

## ATI Residency Program

ATI's APTA approved Residency Program offers physical therapists the opportunity to interact and train with leading clinicians, educators and researchers in the field of physical therapy today. The program's goal is to train top notch medical providers to become an integral part of a multi-disciplinary team, assisting patients in returning to their full potential.

### Programs offerings:

**Mentorship:** Residents are provided with 1:1 Clinical Mentoring by being partnered with credentialed specialists and receiving 150-200 total hours of guided interaction with a board certified specialist for the development of clinical skills and overall patient management.

**Knowledge and Skill Development:** Residents spend 3-4 hours a week through extensive learning experiences, including but not limited to lab, lecture, clinical observation, and journal club gaining knowledge and skills pertaining to advanced patient management.

**Patient Care:** Residents maintain a partial caseload of 32-34 hours of independent patient care, practicing in state of the art ATI facilities, shoulder to shoulder with a mentor and other advanced clinicians while treating a wide breadth of non-operative and post-operative patients.

**Relationships:** Residents will learn how to partner with a variety of providers, including world renowned experts, white paper authors and other, to further understand the healthcare system and gain perspective on the patient's experience while developing communication and professional skills.
